

United against the coronavirus. Visitor information.

Dear Guests,

We are pleased to welcome you to the Gläserne Manufaktur | Home of ID.

The health of our visitors and employees continues to be our very highest priority. For this reason, we would ask you to observe the following hygiene rules. Many thanks!

Masks no longer required in the Experience Word (without a production visit)

If you are only in the Experience Word (without a production visit), you are no longer required to wear a mask. We nevertheless strongly recommend that you continue to do so especially as soon as the distance between two persons is under 1,50 meters. Additional requirements by the organiser may apply at events.

Otherwise, the following in-house rules apply:

Masks must be worn during a production tour

For your own and our personal protection, a mask (at least a surgical mask) must be worn during production tours. This applies to people from the age of seven.

Recommendation to wear a mask during vehicle handover and test drive briefing

During handover of the vehicle by our staff, we would also ask you to wear a mask (at least a surgical mask).

Requirement to wear an FFP2 mask during vehicle pick-ups with inner-city transfer

Customers are still required to wear an FFP2 mask during pick-up/transfer to the factory.

Keep your distance.

Please maintain a distance of at least 1.5 metres between yourself and all other people.

Maintain hand hygiene.

You can thoroughly wash and sanitise your hands in our restroom facilities. Please touch only those articles in our Shop that you are truly interested in purchasing.

Payment.

If possible, we ask that you please make cashless payments.

Observe sneezing and coughing etiquette. Please stay home if you have symptoms.

Please always sneeze or cough into your elbow or on your sleeve. If you feel ill or have a fever or cold symptoms, we must ask you to stay home.

Stay healthy!

Team Gläserne Manufaktur
